4 Cplgs, Caps, Adapters

4 Cleanouts

4 Flexible Couplers

### Accessories

Carbon/Zabel Filters

Breakout Liner

Primer/Cement

Hydraulic Cement

Silt/Trench Fence

### Helpful Tips:

⇒ Choose top-quality pipe and fittings when installing your septic system.

! Buy your pipe by the pallet for more savings.

! You must use PVC primer before applying cement to ensure the joint bond.

! Title V now requires a 'locking' cover in either Plastic or Cast Iron.

? Can we better assist your job by delivering and unloading the material at your site?
